Brett Cooley

Technology Sales & Business Development

MICROSOFT CLOUD | DIGITAL SOLUTIONS | TECHNOLOGY SALES

brett.c@btinternet.com | +44 7977 377489 | London, UK | www.brett-cooley.co.uk

Professional Profile

I've worked in the Metropolitan Police since 2012, investigating serious and complex crime. Alongside policing, I've developed an interest in technology, gained my Microsoft Azure Fundamentals certification and started a small web development business. I'm now looking to build a career in technology sales, where I can combine my experience working with people, solving problems and understanding technology.

Key Skills

Business Development | Solution Selling | Stakeholder Engagement | Microsoft Cloud (Azure)

Experience

Detective Constable – Metropolitan Police Service

2012 – Present

London, UK | Robbery and burglary squad, CID Serious & Complex Crime (PIP2) and Homicide

- Investigate and manage complex, high-risk offences, including serious violence and organised criminality.
- Work with a range of stakeholders, from other police units and government agencies to external partners, to achieve results.
- Analyse large volumes of information, identify key lines of enquiry and make decisions under pressure.
- Communicate with and influence people at all levels, including victims, witnesses, senior investigators and external agencies.

Founder – CooleyCode (Part-time)

2026 – Present

Web & Digital Solutions for Small Businesses

- Run a web design business, building modern websites and digital solutions for local businesses.
- Manage the full sales cycle, from initial contact and needs discovery through to proposal, delivery and ongoing support.
- Work closely with business owners to understand their goals and turn them into practical, cost-effective solutions.

Technical Knowledge

Microsoft Azure – AZ-900 (Certified)

Microsoft 365 – Core services and Entra ID (Identity)

Web Development – HTML, CSS, JavaScript, React (building and deploying client websites)
